I would like to ask the Editorial Team that I respect with the following questions:

1. Can my article document be included in the author's journal on scopus.com, I saw the Seybold Report journal including the Scopus indexed journal, and the article document automatically entered the author on Scopus.com. I looked on Scopus.com about the Author Document, the article and my name is missing. And how do I get my document articles listed on Author Scopus.com.

Dear Azis

Normally it would take roughly 150 to 180 days for SCOPUS indexing

So you may have to wait for that time period.
